#### [6] Education (ED)

##### [6.2] Total number of courses/modules offered

**Total number of courses offeres in 2016-2018 (Universitas Sebelas Maret, Indonesia)**

Description:

**Total number of courses offered in 2018 = 10225 courses/modules distributed in 152 department.** Universitas Sebelas Maret (UNS) as one of a big universities in Indonesia, has vision of becoming the Center of excellence in Science , Technology and Science in International level based on National Culture value. The roles of universities expressed in the three roles called TRIDARMA PT, which m means for developing education, research and community services. Through Tridarma PT, UNS wishes for becoming learning nad research university. Related to the role of Education, UNS encourages student dependency in having knowledge, skills and attutute for National as well International competition. Therefore, learning process in UNS has been expressed in development of curriculum of study program, silabus and courseworks. Number of courseworks has been increased every year. In 2017, number of courseworks related to environment and sustainability was 1127 out of 10.075 ns in 2018 has reached to 1173 courseworks out of 10225 courseworks. This is inline with increasing number of study programs in UNS, which indicates increasing demand of education and knowledge development.
